

January 16, 1943.

Mr. Roy Nelson  
Cedar City, Utah.

Dear Sir:

re: Water Users' Meeting  
on Coal Creek.

I just received your telegram. By this time you will no doubt have received my letter setting the date for the meeting of the Coal Creek water users for the early part of February.

On account of limitations on travel, it is necessary for us to hold the water users' meetings in Beaver, Cedar City, St. George and Santa Clara consecutively in order to complete them in one trip from this office. I therefore hope that you will find it convenient to comply with my letter of January 15, assigning a definite time for the meeting.

Very truly yours,

Ed. H. Watson,  
State Engineer.
